ACTIVITIES

Follow us on Facebook for updates and tag your Instagram photos with #lorneforeshorecaravanpark to be featured!

BUSH TUCKER WALK

Everything green growing around the campground and along the coast is not 'just a plant'. There are hundreds of different types of plants to discover. Some have leaves you can put straight in tonight's burger. Others have berries that might be sweet and ripe to try. Come along and find out about nature's food supply.

QUEENS PARK WILDLIFE WALK

This is an amazing place to go looking for the animals that call the bush home. Once you have seen the beautiful animals that WildlifeXposure bring along, let's go looking ourselves on a loop around the Queens Park area, which takes about 1.5 hrs.

ERSKINE RIVER WALK

Join Possum Pete on a nature walk along the Erskine River to the rapids area, spotting birds and tasting bush tucker along the way.

BIODIVERSITY TRAILER: THINGS UP CLOSE

We have a super powerful microscope and we're not afraid to use it. Find something cool and bring it along for us to look at, they all look incredible when seen 'Up Close'!

KRAZY KOALA

Come join in the fun with the Bebop "pop-up" circus. Learn how to juggle, hula hoop, diablo and even spin a plate. The bebop circus has it all!

BEACHCOMB

The ocean tells us a new story twice every day, when the tide goes out and leaves behind new things washed ashore. Some of these tell us of incredible creatures that call the ocean home and their lucky escapes (or not!) from predators. We'll explore the incredible diversity of seaweed and even the geology of the coastline. Although, we might find some things that don't belong on the beach or in the ocean, so we'll tidy them up along the way, too.

ROCKPOOL RAMBLE

A world unlike any other, able to be explored only during the low tide and home to some of the most interesting creatures on the planet. Come and tickle a crab or touch a seastar, wear something better than thongs though or you might fall in!

WILD ART

A fun variety of native based arts and craft activities. Each session is different.

WILDLIFEXPOSURE

The perfect opportunity to safely smile at a crocodile, cuddle a dingo, drape a python around your neck, stare into the eyes of an owl or laugh with a kookaburra. All while learning about some of Australia's amazing creatures and the types of environments they are found in. The three hour session is a display and the one hour session is a presentation.

KELLY SPORTS

Come along and join in this multi sport activity. From obstacle courses to cricket or soccer, we will get your legs moving and having lots of fun. Suitable for ages 4 – 11.

URBAN UPCYCLE

Bring your creative self and make some holiday memories from reusable and interesting items which would otherwise be heading for landfill.

HOOP FUSION

Hoop Fusion will have you spinning, twisting and learning a whole bunch of circus inspired hoop tricks.

CAMPER CONVERSATIONS DROP IN SESSION

Drop in for a chat with senior management to discuss caravan park operations.

Please wear your hat, sunscreen and shoes to all activities.
